POSITION.

No. 101.—Mr. Albert George Bradley, to be Additional Port Officer, Collier.

NOTIFICATIONS.

Colombian, September 2, 1908.

No. 102.—In exercise of the powers conferred by section 8, sub-section, (1) of the Indian Ports Act, 1889 (X of 1889), and in pursuance of previous rules on the subject, the Governor in Council is pleased, after considering the objections advanced in respect of the Boat rules for the Port of Madras and for the minor ports published in the Port St. George Gazette of the 25th January 1905, to make the following revised rules:—

BOAT RULES FOR MADRAS PORT.

Rules made by the Government of Madras under section 6 of the Indian Ports Act, 1889 (X of 1889), for licensing and regulating catamarans plying for hire, and for, cargo, passengers and other boat plying, whether for hire or not and whether regularly or only occasionally, in, or partly within and partly without, the Port of Madras, and for determining the quantity of cargo or the number of passengers to be carried by any such vessel.

No person, either as owner or servant, shall use any boat (other than catamarans plying for hire) to carry goods or passengers to or from any ship or vessel at the port, as defined for the time being, or from place to place within the limits of the port, unless such person shall hold a license—see Appendix A,—granted by the registering officer as to use such boat, and unless the boat so used shall have been registered. This rule is not to be considered as interfering with boats forming part of a vessel's equipment or maintained solely for purposes of pleasure.

2. Should the owner of a boat be a native, the license may be obtained by the guardian of the union. Should the owner of a boat be a Hindu, who owing to the custom of the country cannot appear in public, the license may be obtained on her behalf by her duly constituted agent. In such cases the guardian or the agent shall be deemed to be the owner for the purposes of these rules.

3. Owners of licensed boats shall supply the shield of each of their registered boats with the license and name to be kept in the boat. When plying and shall be produced at any time when demanded by any duly authorized person. A printed copy of these rules, and of any written directions issued by the registering officer for carrying the same into effect, shall be supplied by the owner to the shield, and shall be shown by such shield in any emergency or passenger by such boat who shall demand to see them.

4. Every boat being a steam launch having engines of under 15 nominal horse-power shall, when plying, whether for hire or not, have on board in charge of engines a person possessing a certificate of competency as an engine-driver granted under the Indian Steam Ships Act, 1884, or under the Indian Steam Vessels Act, 1884. When application is made to the registering officer for a license for a steam launch, of which the owner or master does not hold a certificate of competency under the Indian Steam Ships Act, 1884, or the Indian Steam Vessels Act, 1884, the application shall be accompanied by a fee of Rs. 25.

5. Every boat used for the purpose of fishing, not being a catamaran, three-decks or canoe used exclusively for fishing shall be registered and the owner or owners of every such boat shall obtain a license, and every such boat shall carry on one of its sails and on each of its sides, a number to be assigned to it by the registering officer at the time of registration, together with the name of the port at which it was registered, and no person shall use any such boat for the purpose of fishing until it has been registered and a license obtained for it and a number and port name have been placed upon it as described above. Registration and licensing for fishing in one port shall free every such boat for fishing in all other ports in the Madras Presidency.

6. Every owner of a registered boat, not being a commission, shall divide the name and distinctive numbering of such boat into two parts, the first part being a white ground, in blue English figures not less than six inches in length, on a conspicuous part of the bow of such boat on one side of and of the quarter on the other, the number and tonnage of such boat as given in the register and in the license. The number of the boat shall be placed over the figure of the tonnage, a space of not less than three inches dividing the two examples. No person shall paint or cause to be painted or counterfeited upon any boat not duly registered any such figure as aforesaid or other mark likely to induce the belief that such boat has been registered.

7. For the better prevention of fraud and collusion in registering registered boats, the number and tonnage of each boat on its being registered shall be put or branded thereon in Tamil characters and the owner or owners of every such boat shall keep and be bound to be painted on his or their boat the English and Tamil registered figures and shall not take or obliterate them or any of them. No person, whether an owner of a registered boat or boats or not, shall alter or cause, or shall assist in altering or causing any such figure as aforesaid. On the license granted in respect of a registered boat being withdrawn, all numbers painted or branded on such boat shall be effaced by the owner.

8. No boat which has (a) changed ownership, or (b) been outwiped or been out of the owner's control, shall ply without in case (a) obtaining a fresh license, or in case (b) having the license endorsed by the registering officer within six days after the change of ownership.

9. Whenever the fiscal of any registered boat or the number of its crew shall be changed, as to either or both, the owner shall be bound to report the change to the registering officer within six days after the change of ownership, or as to either or both, the owner shall be bound to report the change to the registering officer within six days after the change of ownership. The change in crew or in the number of the boat shall be reported within six days after the change of ownership, or as to either or both, the owner shall be bound to report the change to the registering officer within six days after the change of ownership. The change in crew or in the number of the boat shall be reported within six days after the change of ownership, or as to either or both, the owner shall be bound to report the change to the registering officer within six days after the change of ownership.

10. The owner of every registered boat shall be required to produce the fiscal and crew of his boat whenever required by the registering officer for the purpose of their being placed in a book—only Appendix B—to be kept for the purpose. Except with the permission of the registering officer no person shall be employed as a fiscal or boatman on a registered boat until he has been registered by the registering officer as the application of the owner of a registered boat.

Provided that if the boat is absent from the port on the date fixed, the owner shall produce the fiscal or boatman within 24 hours after it has returned.

11. All owners of registered boats shall submit their boats together with their licenses for inspection every year during the month of January. In addition to the January general inspection, special or partial inspections may be held by the registering officer or by any person duly authorized by him, at any time he may consider necessary. At those times each boat shall have its full complement of crew and equipment, and no person who, in the opinion of the registering officer, is incompetent to the use of boats or is inefficient shall be employed either as a fiscal or as a boatman.

12. Owners of registered boats shall submit such repairs to their boats as the inspecting officer shall direct in order to render them efficient, and no owner or other person shall use any such boat until such repairs shall have been duly executed thereto and the registering officer shall have granted permission for their use.

13. The owner or person of a registered boat shall provide the boat with such full complement of crew and with such equipment as may have been determined upon by the registering officer and submit the boat, when plying and underweigh, is manned by the full complement of crew provided in the license and, if so required, he shall carry the full number of passengers or quantity of goods or both entered in the license granted in respect of the boat of which he is in charge.

14. The owner or owners of a registered boat shall cause the fiscal and every boatman employed in such boat to wear, when absent in such boat, a metal badge engraved with the name of the boat and the name of the boatman employed thereon. These badges will be supplied by the registering officer at the cost of the boat owner, and shall be returned to him in the event of the boat being sold or broken up, or of the license of the boat or of the boatman being renewed. Boat owners may transfer these badges to boats or boatmen employed temporarily.

to relieve the man registered for the boat, a written request of such transfer being sent with the names and thumb prints of the substitutes to the registering officer within 48 hours from the time of the transfer.

16. If any tinsal or boatman serving in any registered boat shall, by wilful neglect of his duty or by any unlawful action, cause any impediment to the service of such boat, or to any person employed therein or to any public servant in the execution of his duty, or to the best traffic generally, the license of such boat shall be liable to be withdrawn.

15. No tinsal or boatman serving in any registered boat shall, without reasonable cause, obstruct or hinder the landing, discharge or service of such boat or of any other boat, or obstruct or hinder the boat traffic in the port.

17. Should either the owner or the tinsal in charge of a registered boat plying for hire, without reasonable cause, of which the registering officer shall, subject to the appeal provided in rule 26, be sole judge, refuse to allow such boat to ply for hire when requested to do so, the license of such boat shall be liable to be withdrawn.

18. Without the special permission of the registering officer no registered boat shall ply when flag 5 by day, indicating bad weather or high sea, is displayed from the port flagstaff.

When this signal is hoisted at the port flagstaff all boats shall return to the shore at once and shall not again ply without the special permission of the registering officer, until the signal is hoisted down.

19. No person shall overload or cause to be overloaded any registered boat with passengers or cargo beyond the number or quantity specified in the license by the registering officer.

20. Whenever the number of passengers or the quantity of cargo in a boat, or both, exceeds the number or quantity authorized in the license, the tinsal or owner may before starting from the shore, the pier or the shore require any passenger or passenger to leave the boat or any cargo, or any part of the cargo.

21. Owners of registered boats shall instruct the tinsals of such boats to pay immediate attention to the following signals of the Customs Code when displayed from the port flagstaff, viz:—

Flag 8.—All boats to return to shore.
Flag 10.—Boat is inoperative.
Flag 11.—Communication with the shore dangerous.

and also, when it is hoisted at the port flagstaff, the boat under flag—a square blue flag with four parallel red bars running across—when will be displayed on the Port Office building to give effect to rule 11.

22. No tinsal or other person in charge of or occupying any registered boat shall attempt to make such boat fast in any mooring buoy or shall take it alongside of a vessel approaching or anchorage before such vessel shall have come to anchor or been moored to a buoy.

23. All passengers and goods shall be landed or shipped within the limits of the port as determined by Government, and no person shall ship or land passengers or goods beyond such limits unless the sanction of the chief Customs officer at the port shall previously have been obtained.

24. No owner of a registered boat licensed to ply for hire, or person deputized by the owner of such boat to carry any cargo or passengers for hire, shall demand a rate beyond that sanctioned from time to time by Government for the carriage of any such cargo or passengers.

25. The tinsal of every registered boat shall be responsible that when his boat is at anchor or moored, with cargo on board, by day or by night, at least one member of the crew remains on board as watchman, whose duty it shall be to guard the boat from leakage, collision or other danger, and to raise the alarm should assistance be required.

26. No boat of any description shall be hauled up for repairs without the permission of the registering officer, and such boats shall be hauled only where he shall direct.

27. The license of all boats belonging to a boat owner who has been convicted for infringing any of the foregoing rules shall be liable to be withdrawn.

20. An appeal shall lie from the decision of the engineering officer upon any matter in connection with the registering office to the Conservator of the Port, provided that such appeal be preferred in writing within seven days after the decision of the registering officer shall have been communicated in writing to the party or parties concerned; and the decision of the Conservator of the Port of Madras shall be final.

21. The following fees shall be payable for survey, registration, licensing and inspection of boats and of fishermen plying for hire—

7. Every owner of a registered boat, not being a steamboat, shall cause or cause used exclusively for fishing shall paint upon a black ground, in white English figures, not less than six inches in length, on a conspicuous part of the bow of such boat on one side, and of the quarter on the other, the number of such boat mentioned in the register and in his or her license. No person shall paint or cause to be painted or counterfeited upon any boat not duly registered any such figures or an abstract or other mark likely to induce the belief that such boat has been registered.

8. No boat which has (a) changed ownership, or (b) been mortgaged or taken out of owner's control, shall ply without in case (a) obtaining a fresh license, or in case (b) having the license endorsed by the registering officer within six days after the change of ownership.

9. Wherever the tonnage of any registered boat shall be changed, or any alteration in the boat shall be made so as to effect any of the particulars mentioned in the license granted for it, such change or alteration shall, within 48 hours after it has occurred, be reported by the owner or owners of such boat to the registering officer, who will assign such license, except in cases in which such alteration affects the carrying capacity of such boat, in which case, the boat shall be reexamined and the original license held by the owner or owners thereof shall be cancelled and a fresh license be issued, and no such boat shall ply until such fresh license shall have been issued. If a boat is absent from the port at the time when such change takes place, the change shall be reported to within 48 hours of its return to the port.

10. In the month of February, on a date to be fixed by the registering officer, the owner of every registered boat shall be required to produce the trial of his boat with a view to his being registered in a book to be kept for the purpose (Appendix B). Provided that if the boat is absent from the port on the date fixed, the owner shall produce the trial within 24 hours after it has returned.

11. All owners of registered boats shall submit their boats together with their licenses for inspection every year during the month of January. In addition to the January general inspection, special or partial inspections may be held by the registering officer, or by any persons they may appoint by him at any times he may consider necessary. All these vessels must have on full complement of crew and equipment, and no person who, in the opinion of the registering officer, is unsuited to the use of boats or is inefficient shall be employed or registered either as a trader or as a fisherman.

12. Owners of registered boats shall vacate such repairs to their boats as the inspecting officer shall direct in order to render them efficient, and no owner or other person shall use any such boat until such repairs shall have been duly executed thereto and the registering officer shall have granted permission for their use.

13. The owner or owners of a registered boat shall provide the boat with such full complement of crew and with such equipment as may have been determined upon by the registering officer and noted in the license. The trial of the boat shall have the full crew prescribed in the license when the boat is plying and shall not carry passengers or goods in excess of the number or quantity entered in the license for the boat.

14. No trader or boatman sailing in any registered boat shall, without reasonable excuse, obstruct or hinder the loading, discharge or service of such boat or of any other boat, or obstruct or hinder the boat traffic in the port.

15. Should either the trader or the trial of a registered boat plying regularly for hire, without reasonable excuse, of which the registering officer shall, subject to the appeal provided in rule 22, be the sole judge, refuse to allow such boat to ply for hire when required to do so, the license of such boat shall be liable to be withdrawn.

16. A registered boat shall not ply within the limits of the port between the hours of 5 a.m. and 6 a.m., without the previous permission of the registering officer, and no registered boat shall ply when flag B by day or one red light by night, indicating bad weather or high sea is displayed from the port flagstaff. When either of these signals is hoisted at the port flagstaff, all boats shall return to the shore at once and shall not ply again, without the special permission of the registering officer, until the signal is hoisted down.

17. No person shall overload or cause to be overloaded any registered boat with passengers or cargo beyond the number or quantity specified in its license by the registering officer.

Penalties for breach of rules in bad weather.

18. Whenever the number of passengers or the quantity of cargo in a boat or both exceeds the number or quantity entered in the license the boat or owner may before starting from the pier or the shore acquire any passenger to leave the boat or any cargo, unpack or shipping or landing agent authorized to remove from the boat the whole or any part of the cargo.

19. Owners of registered boats shall instead of the totals of such boats to pay immediate attention to the following signals of the Commercial Code when displayed from the port flagstaff, viz:—

Flag A—All boats to return at once to the harbour or landing place.

Flag B—Dist is impossible.

Flag C—Communication with the shore dangerous.

Flag D—Boats can leave the harbour.

Flag E—Boats can enter the harbour.

and also, when it is hoisted at the port flagstaff, to the boat-master flag—a square blue flag with four parallel red bars running diagonally—which will be displayed on the Port Office during to carry out rule 11.

20. No boat or other person in charge of or occupying any registered boat shall attempt to make such boat last in any mooring buoy, or shall take it alongside of a vessel, approaching an anchorage before such vessel has come to anchor or moved to a buoy.

21. All passengers and goods shall be landed or shipped within the limits of a port as determined by Government, and no person shall ship or land passengers or goods beyond such limits unless the sanction of the chief Customs officer at the port shall have been previously obtained.

22. No owner of a registered boat licensed to ply for hire, or person deposited by any owner of such registered boat to carry any cargo or passengers for hire, shall demand a toll beyond that sanctioned by Government for the carriage of any such cargo or passengers.

23. The licence of all boats belonging to a boat owner who has been convicted for violating any of the foregoing rules shall be liable to be withdrawn.

24. An appeal shall lie from the decision of the registering officer, upon any matter in connection with these rules to the Collector of the district, provided that such appeal be preferred in writing within seven days after the decision of the registering officer shall have been communicated in writing to the party or parties concerned, and the decision of the Collector shall be final.

25. The following fees shall be leviable for the survey, registration, licensing and inspection of boats and interventions plying for hire:—

	Boats of 1 ton and above and above	Boats of 1 ton and below	Boats of 1 ton and below	Boats of 1 ton and below
For survey and measurement as required by the first rule provided the boat is in good condition	10 0 0	5 0 0	5 0 0	5 0 0
On each vessel after the first registration as required by the first rule	10 0 0	5 0 0	5 0 0	5 0 0
For registration on each of the vessels provided by the first rule	1 0 0	1 0 0	1 0 0	1 0 0
For granting a licence on each of the vessels provided by the first rule	1 0 0	1 0 0	1 0 0	1 0 0
For each annual inspection provided the boat is in good condition	1 0 0	1 0 0	1 0 0	1 0 0

No fee is leviable for surrendering a licence or register; for the grant of a duplicate licence when the original licence is lost, mutilated or is rendered illegible, half the principal fee may be levied.

Notes.—Amount is added to 1870 for 54 of the Indian Ports Act, 1880 (No. 12) 1880:—

Penalty for infringing rule:—

54. If any person displays any rule or order which a Local Government has made in pursuance of this Act and for the punishment of disobedience to which express provision has not been made elsewhere in this Act, he

shall be punished for every such offence with fine which may extend to 100 rupees.

SUPPLEMENT TO PART I
OF
THE FORT ST. GEORGE GAZETTE.

No. 38.] MADRAS, TUESDAY EVENING, SEPTEMBER 3, 1903. [PART II, page

REVENUE DEPARTMENT,

RULES FOR THE IMPROVED HANDLOOM COMPETITIONS.

CENTRAL PRIZEBOON AND MODEL KIRKINTON, MADRAS, 1903.

GENERAL CONDITIONS.

1. A weaving competition will be held at Nagpur, at the Central Prizesboon and Model Kirkinton, on Monday and Wednesday, 1st and 3rd December 1903. The weavers will be required to work for two days, viz., from 8 a.m. on the 1st December, to 12 noon, and from 1 p.m. to 5 p.m. on the 3rd December they will be required to work from 10 a.m. to 12 noon and from 1 p.m. to 5 p.m.

2. Intending competitors must submit applications by the nearest post before they will be accepted for the terms provided for this purpose, which will be supplied on application to the Secretary, Central Prizesboon and Model Kirkinton, Nagpur.

Each application must reach here before the 1st of October. Every competitor will be required to fix up his own loom, and so far as possible his loom will be located in a shed with an overhead floor to facilitate removal of the loom work that may be necessary.

3. Shutter from rock over a space of 47" x 6" will be provided for each loom. Each competitor will be allowed to fix his own warp, supplied on the terms provided by these rules, in the loom between 8 and 12 noon on the 1st day, and to weave a length not less than two yards before the competition commences. At the end of each liberal of work, the length woven during that interval will be marked off by a thin board of 1/2".

Competitors must supply their own pins and have a sufficient supply for the competition.

All competitors must use warps provided by the Committee. Warps for looms that have been withdrawn will be supplied woven on looms that must be provided by the competitors. Warps for other looms will be sent stored in bales, and competitors must cut them up themselves.

The warps will be prepared in the same style with 35 per cent. using by the Nagpur Mills, Nagpur. Competitors must inform the Secretaries of the counts and number of ends required (any of these provided below will be available) and prepare the pins, which will be tested against each—

Sizing, and sizing and warping

Count.								Charge per lb.
20 ^h	24 paise
20 ^h	20 "
20 ^h	22 "

Yarn as per market price which may be ascertained on enquiry.

Yarn is liable for pins can be supplied on the same conditions. Yarn and warps for the competition can be obtained on application to the Secretary before 1st and 3rd December. Yarn and warps for the trial purposes may be obtained on application to the Secretary.

The competition will be under the following basis:—

No.	Material.		Warp.	Weft.	Fust.	Picks.	Wells.
	Spun.	Woolen.					
1	0	0	80	40	60	40	20
2	0	0	80	40	50	40	20
3	0	0	80	20	70	10	40

There will be three classes of looms: (a) not exceeding No. 40 in selling price, (b) not exceeding No. 125, (c) exceeding No. 125. In case of any dispute as to the selling price the Committee's opinion will be final.

Special Prizes.

(a) A special prize of No. 200 will be placed at the disposal of the judges to be awarded to the best loom selected for any of the competitions, provided that such loom is well suited to the requirements of Rafter hand-weaving and is capable of doing satisfactory work on both fine and coarse counts. The judges will be required to certify themselves that the initial cost of the loom is reasonable, that it is aptly adapted to the work, that it can be easily repaired, that with but slight modification it is capable of being worked on both fine and coarse counts, that it requires no unnecessary display to obtain good results from it, and generally that its adoption by the weaving community would enable them largely to increase their output.

A second special prize will be awarded to the loom that best fulfils the above conditions in respect of the coarse counts.

(b) Additional prizes will be given at the discretion of the Committee for looms or weaving accessories not specially contemplated in the above conditions, provided that they are worked during the Exhibition.

General.

Any number of looms of the same make may be entered for any competition, but only one prize will be awarded in each competition, to one particular make of the loom. Special women's prizes of No. 50 each will be awarded to the weavers themselves. Three such prizes will be awarded in each competition by the judges, who will only take into account the skill and dexterity of the weaver independently of the merits of the loom.

Intending competitors should send their looms as far as such the Secretaries to the Exhibition Committee before the 1st November 1898. They should send in their entries from 10 to 12½ inches in the form attached.

The weavers should report themselves to the Secretaries at least two days before the date of the competition.

The exhibitors will have to make their own arrangements, at their own cost, for setting up their looms.

Competitors entering a smaller class loom will, so far as space permits, be allowed to make arrangements for working from the previous.

Looms may be worked as a practical exhibit or kept on view during the whole of the Exhibition in the shed where the competition will be held.

Arrangements will be made to bring in parties of weavers to see the looms from the most important weaving centres of the Province.

Form of application.

The standard Barometer and Thermometers are read at 8 A.M., 10 A.M., 2 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The action of the Barometer is corrected for the level of the sea, and the movement of the bulb is made to two feet from the ground. The wind, rain, and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 9.82 inches, the average due to the same period being 18.89 inches.

There were forty-six calm hours during the month. The resultant corresponding to the above section is represented by a S. W. by S. wind, blowing with a uniform daily velocity of 40 miles. The air movement was only about two-thirds of the actual amount, and the prevailing direction was south of the actual direction. The daily velocity was greatest—100 miles per day—on the first and last—30 miles per day—on the 11th of the month.

The average baromet. pressure was slightly below normal at Marine. The maximum pressure recorded was 29.767 inches at 10 A.M. on the 24th and the minimum was 29.467 at 4 P.M. on the 2nd. The average daily range of pressure was between one-sixth and one-eighth of an inch.

Wet mostly in dry intervals at Marine on the 13th, nearly 14 inches being registered on that day, and higher rainfall on several other days possibly the 4th, 10th, 15th and 20th, about half an inch being recorded on each of these days. The total rainfall for the month was very slightly more than the average (five and a half inches).

Temperatures for the month were above normal, maximum temperatures being one and a half degrees above the normal. The highest shade maximum recorded was 83.8° F. on the 17th, a little over five degrees below the normal. The lowest shade maximum recorded was 58.8° F. on the 19th, the minimum temperature was registered 77.1° F. at the same time. The maximum in the sun was 107° F. on the 19th, and the minimum in the shade was 58.8° F. on the 19th. The greatest daily range of shade temperature was 23.7° F. on the 24th and the least range was 8.8° F. on the 12th. The average daily range was 17.1° F.

Skies were mostly clear the usual amount of about half the month. They were most heavily clouded on the first and last clouded on the last and 12th days of the month.

The air contained 1 per cent. more moisture than usual. It was drier on the 14th.

The number of hours of fog, in whatever amount, was only a little more than 50 per cent. of the normal amount. The longest fog was the last day of the month with 9.7 hours of bright weather.

On four days—the 11th, 19th, 20th and 25th—no bright weather was recorded.

Thunderstorms were noted on six days and distant thunderstorms were noted on three other days.
